

Helvea Swiss Equities Conference 2010

Lukas Ruflin, Deputy CEO Bad Ragaz, 15 January 2010

Practitioners of the craft of private banking

### Disclaimer

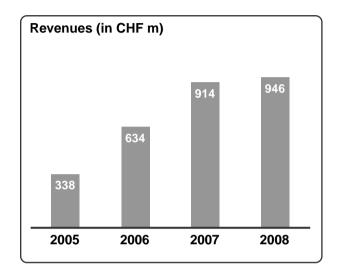

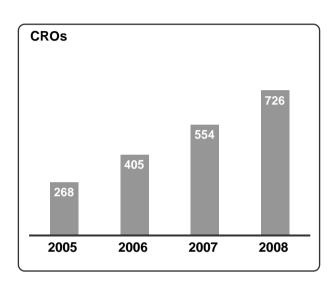

This presentation has been prepared by EFG International AG solely for use by you for general information only and does not contain and is not to be taken as containing any securities advice, recommendation, offer or invitation to subscribe for or purchase any securities regarding EFG International AG.

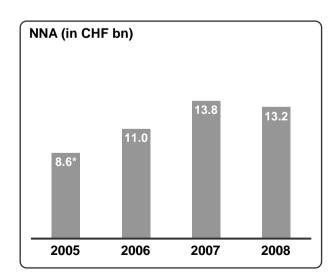

This presentation contains specific forward-looking statements, e.g. statements which include terms like "believe", "assume", "expect" or similar expressions. Such forward-looking statements are subject to known and unknown risks, uncertainties and other factors which may result in a substantial divergence between the actual results, the financial situation, and/or the development or performance of the company and those explicitly or implicitly presumed in these statements. These factors include (1) general market, macro-economic, governmental and regulatory trends, (2) EFG International AG's ability to implement its cost savings program (3) movements in securities markets, exchange rates and interest rates, (4) competitive pressures, (5) our ability to continue to recruit CROs, (6) our ability to implement our acquisition strategy, (7) our ability to manage our economic growth and (8) other risks and uncertainties inherent in our business. EFG International AG is not under any obligation to (and expressly disclaims any such obligation to) update or alter its forward-looking statements whether as a result of new information, future events or otherwise.

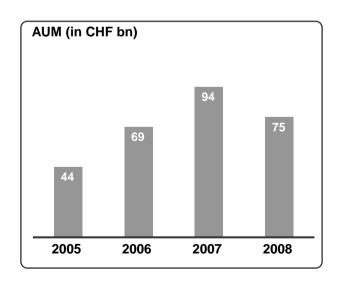

## Financial performance since IPO

#### 1H 2009

• Revenues: CHF 412 m

• CROs: 674

• NNA: CHF 2.2 bn

• Private Client NNA: CHF 4.7 bn

• AUM: CHF 80 bn

<sup>\*</sup> Organic AUM growth in 2005

### Our international footprint

An expanding global network – and local businesses run by locals

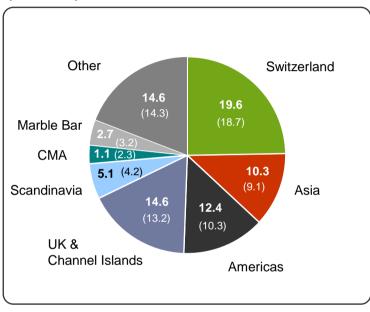

### Regional breakdown of Assets under Management

### Assets under Management – by region (in CHF bn)\*

<sup>\*</sup> As of end of June 2009 (based on CHF 80.4 bn), data for end of Dec 2008 in brackets

- Switzerland: positive inflows
- Asia: positive inflows
- Americas: market movements & inflows
- UK: mostly driven by FX variations

### Focus on core business i.e. private banking

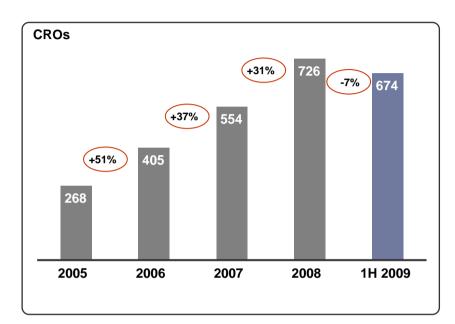

- Strong private banking business
  - CHF 77 billion in private banking AUM\*
  - > 95% of total AUM
  - A track record of double digit percentage NNA growth
  - CRO and Client centered
  - Open architecture model supported by in-house capabilities
- Truly global Decentralised businesses run by local experts
- CRO's entrepreneurial remuneration model in place

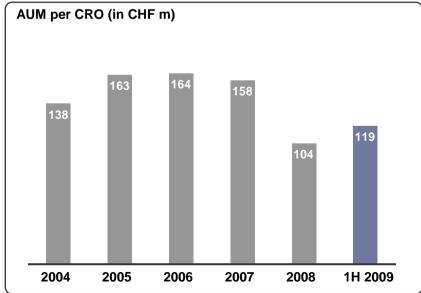

<sup>\*</sup> As of end of June 2009

### CROs – selective hiring & positive leverage

- Target for year end 2009: 650 to 700 CROs
- Attractive destination for successful & entrepreneurial
  CROs
- Expect at year-end 2009 around 95% of total CROs to be profitable

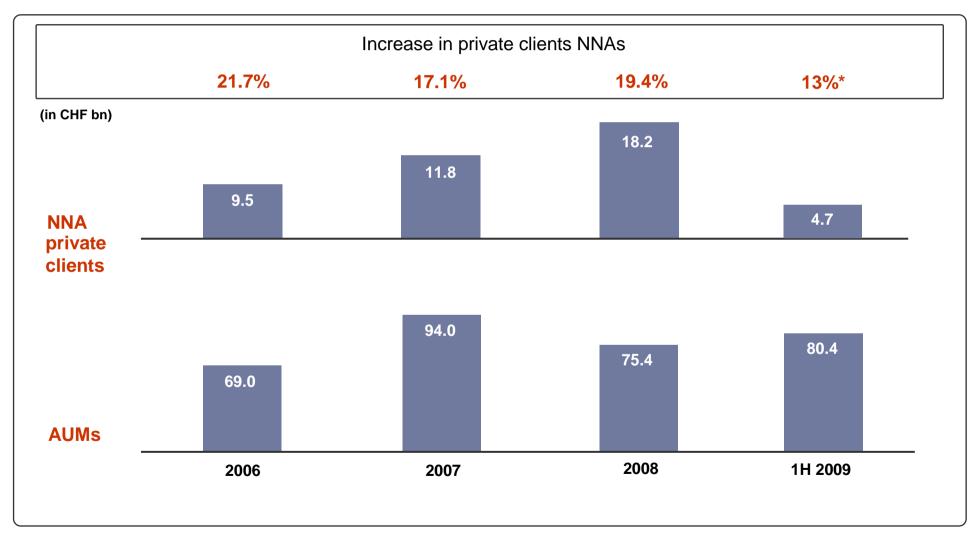

- Increased CROs by 150% from Dec 2005 to June
  2009, mainly through organic hiring
- Positive leverage when existing CROs and recent hires deliver historic AUM production levels

### AUMs – strong private clients NNA track record

### NNA growth rates at the upper end of the industry

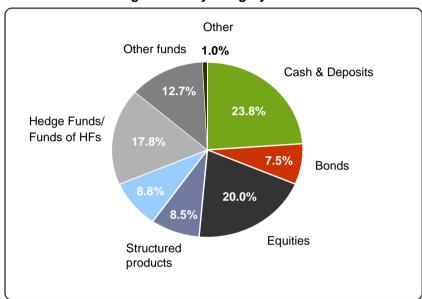

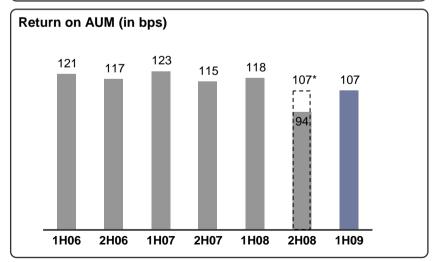

<sup>\*</sup> Annualized

### AUM composition - evolution of RoAUM & profitability

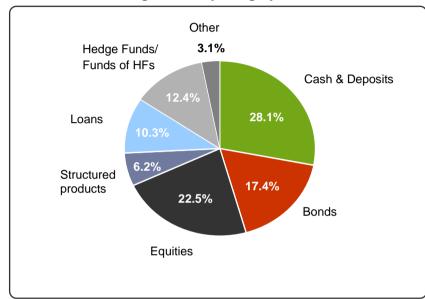

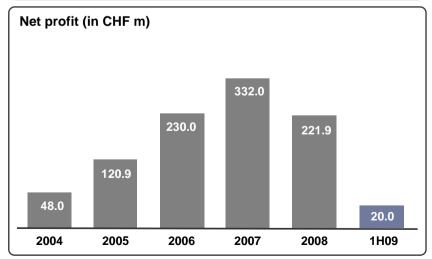

#### Assets under management – by category: 1H 2008

#### Assets under management – by category: 1H 2009

<sup>\*</sup> Adjusted for December 2008 non-recurring life insurance items of CHF 59 m

### Managing current market environment

#### **Products**

- High level of cash and bond holdings
- Focus is on short term and simpler products
- Hedge funds still slow
- Less lending, more risk aversion

#### **CROs**

- Only selective hiring
- Good pipeline
- Increased quality and addressed underperformers

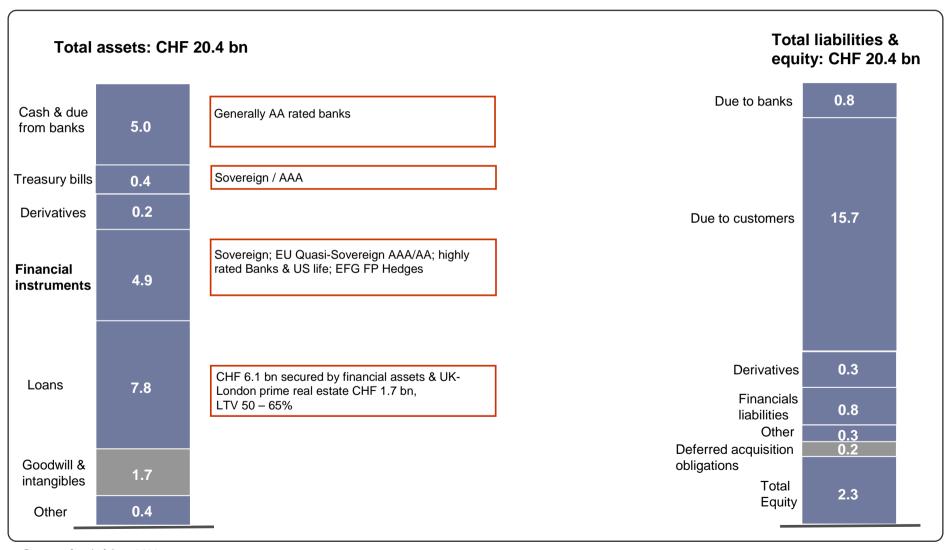

#### **Clients**

- Clients still cash oriented but open to ideas
- Increased risk appetite
- Trading and activity levels have picked-up again but not at same level as pre-crisis

### Breakdown of balance sheet

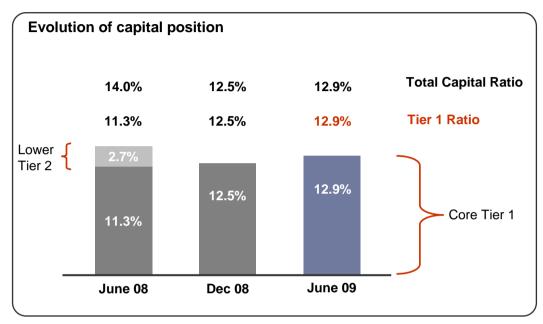

### Highly rated and very liquid asset mix

Data as of end of June 2009

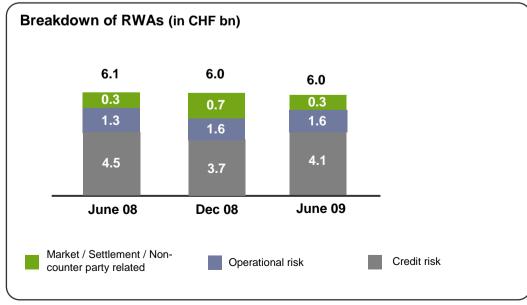

### Capital developments

• As of 10 August 2009: 12.6 million shares

### Cost reduction programme

Programme initiated in early 2009 to reflect current business levels at that time

Expected to save around CHF 40 m on an annualised basis, once cost measures became fully effective in 2H 2009

- Reduction of overall salary expenses
- Reduction of other operating expenses
- Underperforming CROs have been addressed
- In the process of closing 7 representative offices
- Part of expected savings will be offset by selective CRO hiring

- Cost reduction programme has been a "balanced approach"
- Reduced costs while trying to keep growth opportunities

### Outlook & conclusion

### Outlook:

- Expectation of having around 650 CROs at year-end 2009, at lower end of target range
- Expectation that growth of AUM per CRO will revert to historic levels of CHF 30-40 m
- Target revenue margin on average AUM for 2H 2009 of 110 bps, continue to target revenue margin of 110 – 120 bps thereafter
- As a consequence CIR to decline
